

Is your well water safe?

Douglas County Environmental Health and Land & Water Conservation Departments have conducted well testing since 2018

Over 20% of wells tested had at least one parameter over health limits

Douglas County residents can sign up for a homeowner testing package for **\$35***

Following Areas Tested:

BACTERIA - HARDNESS - ALKALINITY - CONDUCTIVITY - pH - SATURATION INDEX - NITROGEN - CHLORIDE - ARSENIC - CALCIUM - COPPER - IRON - LEAD - MAGNESIUM MANGANESE - POTASSIUM - SODIUM - SULFATE - ZINC
